

TABLE OF CONTENTS

PART 1. GENERAL COMMENTS AND ETHICAL FRAMEWORK

SCOPE OF THE CODE	
A. Goals of the Code	2
B. Why a Single Code?	2
C. Major Challenges in Developing a Single Code	3
D. Research Requiring Ethics Review	3
E. Research as a process	4
F. Accountability to the Councils	5
G. Future Revisions of the Code	5
CONTEXT	6
A. The Current Context of Research	6
B. The Researcher's Responsibilities	6
C. The Research Participant's Perspective	7
D. The Benefits of Research	8
E. The Moral Imperative	9
AN ETHICAL FRAMEWORK	11
A. The Interface of Principles and Procedures	11
B. Four Basic Principles	12
C. Other Approaches	13
CENTRAL CONSIDERATIONS FOR RESEARCHERS AND REBS	15
A. Harms and Benefits for Research Participants	15
B. Social Harms and Benefits	17
C. Scholarly Standards in the Pursuit of Knowledge	17
D. Conclusion	19
PART 2. PRESCRIPTIONS, PROCEDURES AND PRACTICES	
SECTION I INFORMED CHOICE	I-1
A. Competence	I-2
B. Information Disclosure	I-6
C. Voluntariness	I-10
SECTION II ETHICS REVIEW	II-1
A. Scope of Research Requiring Ethics Review	II-1
B. Research Ethics Boards	II-2
C. Review Procedures	II-4
SECTION III PRIVACY, CONFIDENTIALITY, ACCESS TO PERSONAL RECORDS, SECONDARY USE OF DATA, AND DATA LINKAGE	III-1
A. Access to Personal Records	III-2
B. Secondary Use of Data	III-4
C. Data Linkage	III-6
SECTION IV CONFLICT OF INTEREST	IV-1
A. Conflicts of interest by REB Members	IV-2
B. Institutional Conflicts of Interest	IV-2

SECTION V CLINICAL TRIALS	V-1
A. Phases of Pharmaceutical Research	V-1
B. Multi-Centre Clinical Trials	V-3
C. Placebo-Controlled Studies	V-4
D. Analysis and Dissemination of Clinical Trials and Multi-Centre Trials Results	V-5
SECTION VI INCLUSIVENESS IN RESEARCH	VI-1
A. Introduction	VI-1
B. Culture, Religion, Race, Ethnicity, and Mental or Physical Disabilities	VI-3
C. Research Involving Women	VI-3
D. Age as an Inclusion or Exclusion Criterion	VI-5
E. Research Involving Infants, Children, and Adolescents	VI-5
F. Research Involving Restricted or Dependent Participants	VI-6
G. Patients in Emergency or Life Threatening Situations	VI-6
SECTION VII RESEARCH INVOLVING COLLECTIVITIES AND THEIR MEMBERS	VII-1
A. Introduction	VII-1
B. Aims of this Section	VII-2
C. Scope of this Section	VII-3
D. Collectivities as Research Participants	VII-3
E. Protection for Vulnerable Collectivities	VII-4
F. Collectivities and the Informed Choice Process	VII-5
G. Good Practices	VII-6
SECTION VIII HUMAN GENETIC RESEARCH	VIII-1
A. The Individual, Biological Relatives, and Families	VIII-2
B. Privacy, Confidentiality, Loss of Benefits, and Other Harms	VIII-2
C. Genetic Counselling	VIII-3
D. Gene Alteration	VIII-5
E. Eugenic Concerns	VIII-6
F. Banking of Genetic Material	VIII-6
G. Commercial Use of Genetic Data	VIII-8
SECTION IX REPRODUCTION, INFERTILITY, EMBRYOS, AND FOETUSES	IX-1
A. Research Involving Gametes (Ova and Sperm)	IX-2
B. Research Involving Human Zygotes or Embryos	IX-2
C. Research Involving Foetuses	IX-3
D. Research Involving Foetal Tissue	IX-4
SECTION X HUMAN TISSUE	X-1
A. Privacy and Confidentiality	X-1
B. Informed Choice and Informed Consent	X-2
C. Previously Collected Tissue	X-3
APPENDIX A Members of the Tri-Council Working Group on Ethics	
APPENDIX B Special Contributions and Acknowledgements	
APPENDIX C Acknowledgements	
APPENDIX D Sample Consent Forms	
APPENDIX E Glossary
